

Worms & Ladders

Be the first to reach the 100th square!

You will need:

- this game board,
- one or two dice,
- playing pieces for each player. You can use any marker such as playing pieces from other games, coins, rocks, shells, or other small objects.

How to Play:

- 1) Put your playing piece on the first square.
- 2) Choose who goes first. You can roll the dice and whoever gets the highest number goes first.
- 3) When it is your turn, roll the dice. Move your playing piece forward according to the number you rolled. For example, if you are on square #1 and roll 3, move your piece to square #4.

If you land at the bottom of a ladder, move your piece up the ladder. Then it is the next player's turn.

If you land on the head of a worm, you slide down the worm and place your piece on the square at the end of the worm. Then it is the next player's turn.

If you land on a blank square, it is the next player's turn. The first player to reach #1 wins!

PLAY FAIR AND HAVE FUN!
